

# February Newsletter 2024-2025

## P rincipal's Message

Greetings Parents and Caregivers,

It is great to finally make it through January and feel the sun getting warmer and see the days getting longer. This month we are starting our new semester and the students will be receiving their report cards on February 3rd. As a reminder, parents can access their child's grades and progress at any time throughout the year by logging into Powerschool. I encourage you to monitor your child's grades so that both the school and home can offer supports when they are needed.

February also has one of my favorite days of the year, Family Day! At our home, this will involve a big meal, maybe some ice fishing or sledding, and of course some arguing and banter once all four kids are home. There is no shortage of sarcasm or jibes when our family gets together, yet, we all know that we care for each other and that our family is always there for each other. I believe that ÉLJHS is much the same. Many interesting things happen in a day at our school but ultimately, our staff always puts the welfare of our students first and we are always there to support them.

Have an amazing February!

Mr. Chomlak

## **Not falling through the cracks : How psychoeducational assessments can help foster success!**

Caitlin Schneider (M.Sc.), and Karen Wagner (M.Ed.), Registered Psychologists

*Does your child struggle in a mainstream classroom? Are you concerned that your child may be anxious, overwhelmed or inattentive at school? Does your child struggle to understand new academic concepts or lessons? Do you think your child needs extra support to achieve academic or social success?*

If you can relate to any of these questions, please join the presenters to explore when a psychoeducational assessment may be warranted for your child. Within the current session, presenters will provide parents and supports with an overview of how psychoeducational assessments can be helpful in identifying a child's strengths, areas of difficulty, and learning style, as well as help caregivers learn how to advocate through the educational system and community supports to foster growth and success.
