

Guide to Student Assessment and Achievement 2018-2019

Grades 7-9

School Name École Leduc Junior High School

Address 4412 48 Street, Leduc, AB T9E 7J3

Phone: 780.986.2184

Email: school.email@blackgold.ca

Website: eljhs.blackgold.ca

Principal: Mr. Sean Flanagan

Updated: August 2018

Guide to Student Assessment and Achievement 2018-2019

In Black Gold Regional Division, we recognize that successful student learning relies on a partnership between students, teachers, parents/guardians, and school administration. We believe that regular communication between is an essential component of student assessment.

This guide will help you understand:

- responsibilities of teachers, students, parents/guardians, and school administration;
- how and when we will tell you about your child's progress and learning;
- how we assign grades/marks to your child;
- how your child is assessed; and
- the steps we take if your child's work is missing or not finished.

What is assessment?

In this guide, we use the terms assessment and evaluation to describe what students have learned, and how well they have learned it. Assessment and evaluation aren't just about tests and grades.

Student assessment is ongoing and cumulative. In grades 1 through 12, teachers gather information about what students know and can demonstrate to the teacher based on the Alberta programs of study (curriculum) and when applicable the Instructional Support Plan (ISP). In Kindergarten, teachers base their assessment on the Alberta programs of study (curriculum) and when applicable the Individualized Program Plan (IPP) Support Plan. Marks are not earned for homework completion, attendance or behaviour; only through assessment of learning outcomes achieved in assignments, activities, projects, portfolios, performances and tests. Teachers won't use your child's behaviour, effort, attitude, and work habits to decide on their grades/marks, unless it is included in the Alberta programs of study for a specific subject.

To determine a student's current level of achievement in relation to curriculum, teachers use a variety of tools. Conversations, observations and student work are just some of the ways teachers discover students' strengths and where they might need extra help. This helps teachers shape their lesson plans and guide how they will explain a concept, to help every student meet their learning goals.

The activities also help inform the teacher's understanding so that they may assign each student a grade, course or level of programming. All of this allows teachers to give you a clear and accurate picture of your child's progress in school.

Supporting Student Success

As a parent or guardian, you are your child's first teacher. We know that understanding how your child is doing in school is important to you. This guide will help you understand student assessment in your child's school. If you have any questions, contact the school or make an appointment to see your child's teacher or principal.

You can support your child's learning (*School Act, Section 16.2*) **by:**

- working in partnership with school staff;
- providing a quiet place for your child to study at home;
- Keeping current with your child's progress on line through the Power School Portal.
- staying informed and keeping in touch with school staff. This includes reading newsletters and other school materials; and
- Participating in parent-teacher conferences.

Teachers will help your child succeed (*School Act, Section 18*) **by:**

- providing programming that is suitable for your child;
- providing many opportunities and different ways for students to show what they know;
- giving students who've missed important assessments and activities the chance to complete the work, as specified in the course outline;
- providing a course outline for all courses that clearly explains what's expected of students and how student work will be graded/marked;
- keeping detailed, accurate notes describing your child's successes and challenges;
- communicating with you regularly about your child's progress and achievement; and providing opportunities for you to be involved in your child's learning.

Students have a responsibility for their own learning (*School Act, Section 12*) **and are expected to:**

- come to school every day and on time;
- finish their assignments, projects and tasks to the best of their ability;
- participate in activities to celebrate learning;
- demonstrate that they are learning; and
- take advantage of chances offered to revise or redo assignments or tests so they can show growth in their knowledge and skills.

Our Communication Plan for Reporting Progress

PowerTeacher Pro Electronic Gradebook:

All teachers will use PowerTeacher Pro to record and communicate student assessments and provide comments to parents/guardians and students. Students and parents can access current marks at any time.

- Schools will provide parents with instructions on the school's website on how to access PowerSchool Parent Portal, view student grades and learning outcomes;
- If you have questions about your child's mark at any time, please contact your child's teacher to discuss.
- If parents/guardians do not have access to technology to view student grades, please contact the school to make arrangements to view your child's grade.
- If you would like assistance in accessing the PowerSchool Parent Portal, please contact us at 780.986.2184

Reporting Periods:

Term One: **September 4 - December 2, 2018**

Term Two: **December 3, 2018 - March 31, 2019**

Term Three/Final mark: **April 1 - June 27, 2019**

Formal Reports Issued:

Formal Reports will be issued at the end of each of the three terms throughout the school year via PowerSchool. Parents will be notified via SchoolMessenger as to the readiness of term marks on PowerSchool. The final term an electronic report card will also be sent home via SchoolMessenger on June 28, 2019.

If a student has an ISP, it will be included as part of the formal report. Paper copies will be made available upon request.

Conferences:

Parent communication is important and parents are always welcome to contact their child's teacher at any time during the school year to discuss their child's progress. Each school will provide a minimum of two separate opportunities per year for their parents to meet with teachers to discuss student achievement and progress. The intention of these conferences is to celebrate growth in learning and set future goals.

The dates for Parent Teacher conferences are October 18, 2018 & January 31, 2019

Parents/Guardians can book appointments by using our conference manager site at the following link - <https://ecoleeduc.schoolsoft.ca>. School office staff will send out registration instructions well in advance of the conference evening for parents/guardians to register for teacher conferences.

Instructional Support Plan (Gr 1 – 12):

For students who need specialized services and supports, the ISP is a working document that is developed within the first two months of the school year. The ISP is a record of specific goals for a child. It provides information about accommodation and strategies a child is using to succeed. It is reviewed a minimum of three times per year. The student and the guardian are expected to provide input into the ISP.

ISPs will be shared via email once, upon completion, once after the mid year review, and a final copy at the end of the year, this roughly coincides with our three reporting periods.

We encourage parents to come in for parent teacher conferences to discuss and contribute to the ISP. Throughout the year, if parents wish to see changes or additions to the ISP, they are welcome to contact the classroom teacher/s or the Learning Support Counsellor. ISPs are a working and collaborative document, and will be updated as the supports are reviewed, and as input is given by the multidisciplinary team.

English Language Learners:

For students learning English, the ESL Proficiency Benchmarks are used to measure a student's English abilities in four areas: listening, speaking, reading and writing. Teachers use this tool to help them plan lessons and communicate with you about your child's progress in learning English.

In addition to student progress reports and/or conferences, teachers may share the student's ESL Proficiency Benchmark. Teachers will inform parents of goals, accommodations or supports provided to students which may be associated with the ESL Proficiency Benchmark.

Grades/Marks and Codes

To decide on your child's grade/mark at the end of a reporting period, teachers use evidence of what your child has learned, and their professional judgment. All marks are cumulative.

When percentages are used, 47.5 and up will be rounded to 50 as a final grade only.

At ÉLJHS, we use the following Grading Scale(s):

2018-2019 Grade Scales:

Grades 7-9 Grading Scales		
Junior High Core Outcomes Junior High Core courses grading scale		
Core (ELA, FLA, Math, Science, Social, PE) use % (can include Junior High non-Core Outcomes Letter Scale for formative assessment only) <ul style="list-style-type: none"> ● Percentage grades will be given for summative assessment in all core courses (0% - 100%) ● Teachers can choose to use percentages, checkmarks and/or the NON-Core scale for FORMATIVE assessments as these do not count in final grades. 		
Junior High non-Core Outcomes Scale Grades 7-9 Grading Scale for NON-Core subjects		
All other courses (Fine Arts/Options, Second Languages, Health, and CTF) use Junior High non-Core Outcomes Letter Scale		
Scale Label	Scale	Description
E	Exemplary	Exemplary and consistent achievement of grade level outcomes; evidence shows in-depth understanding and achieves outcomes independently.
P	Proficient	Skillful and consistent achievement of grade level outcomes; evidence shows substantial understanding with occasional support.
S	Satisfactory	Basic and/or inconsistent achievement of grade level outcomes; evidence shows adequate understanding with some support needed
L	Limited	Partial achievement of grade level outcomes; evidence shows inaccurate understanding and ongoing support is needed.
I	Insufficient	Insufficient evidence to assess.

Missing or Incomplete Student Work:

Teachers will communicate with parents/guardians promptly and regularly about missing or incomplete student work. When your child has missing or incomplete work, we will do **one or more** of the following:

- provide student with additional time to complete the assignment
- assign an alternative assignment
- assign student to complete the activity at lunchtime or after school
- Provide targeted tutorials
- contact student’s parent/guardian
- meet with parents/guardian, teachers, students and administration to emphasize consequences if work is not completed

- create a behavioural contract between the student and the teacher
- assign an “**Not Handed In (NHI)**” which awards a mark of 0 on the assignment.

When your child has missing or incomplete work, we will make arrangements for your child to complete the work. This may include:

- Teacher/student discussion
- Contact with parent/s guardians
- Drop in support
- Missed assignment room
- Peer tutoring in academic support center or teacher’s classroom
- Targeted tutorials through subject/department teachers

If your child is away from school for an extended period of time, other than vacation, please contact their teacher/administrator. As partners in your child’s learning, we can work together to design a plan that best meets your child’s needs including homework, alternate assignments or other strategies that will support them through their course. Students can access Google Classroom for specific assignments details.

Vacations:

It is the expectation that students will attend school on scheduled school days and take holidays according to the school year calendar. In the event that parents choose to take their child out of school at times other than school holidays, teachers will not provide work for that time. Any missed work or tests will be made up when the student returns, at the teacher’s discretion.

Types of Assessment:

Student assessment relies on both assessment for learning (formative) and assessment of learning (summative). While it is crucial that students’ work, abilities and progress be tracked and assessed throughout the entire learning process, it is also important that teachers have evidence of what the students have learned during that process.

Formative Assessment:

Formative assessment provides an ongoing exchange of information between students and teachers about student progress but it does not provide marks/grades. It is also referred to as "assessment for learning" as it is intended for the student and teacher to know what the student’s strengths are and where they can still improve. Many of these activities help students increase what they know and practice their skills. Teachers also use this information to adjust their teaching, give your child feedback to help them improve and prepare your child for summative assessment.

Summative Assessments:

Summative assessment is the evidence used to determine grades/marks and future directions for students. This is also known as assessment of learning. Your child will have many opportunities to demonstrate their understanding of learning outcomes and receive grades/marks for their work. These summative assessments are evidence of students learning and come in many forms; assignments, performance tasks, projects, performances, quizzes, tests, videos, etc. Using their judgment as professionals, teachers make decisions and give grades/marks to your child. They base these decisions on what they've seen your child do (observations), discussions they've had with your child (conversations) and the work your child has completed (products).

Additional Mark Codes and definitions:

In addition to the marks from the grade scale, the following mark codes may be used for individual assignments.

<i>Other Icons</i>		
Icon	Label	Description
	Missing	Assignment was not handed in. Please contact your teacher to discuss.
	Collected	Work has been collected but no mark will be assigned (often used for formative assessment).
	Late	Assignment is late or was handed in late. Please contact your teacher to discuss.
	Incomplete	Assignment is not complete. Please contact your teacher to discuss.
	Exempt	Student is exempt from this assignment.
	Absent	Student was absent. Please contact your teacher to discuss.
	Comment	Click the icon to read a comment on this assignment from the teacher.
	Excluded	This assignment is not required from this student.
ISP	ISP	The student has an Instructional Support Plan.

	Has Description	Click the icon to see the description of the assignment.
	Outcomes/Standards	Click the icon to see the learning outcomes assessed by this assignment.

How We Determine Student Grades/Marks

Course Outlines:

Teachers will provide a course outline to all students, parents/guardians within the first two days of the course. This will highlight the topics and units that students will be learning and explain how student grades are determined for the course. Please contact your child’s teacher(s) if you do not receive one.

Reluctant Zeroes:

Students are expected to take ownership of their own learning. If they fail to complete a daily task or assignment, they must talk to their teacher about catching up on the assignment. If students do not take the opportunity to complete the assignment, they may receive a zero.

Parameters:

1. A reluctant zero policy will apply to daily tasks and assignments. Major projects and evaluations are expected to be completed by all students in a timely manner. Parent and grade advisor communication will be utilized for students who do not complete major evaluative tasks that greatly affect their marks.
2. Students can access their marks through Powerschool or printouts from their teacher to keep track of their incomplete assignments.
3. Students may only work to complete tasks in the current reporting period. Once report cards are issued, marks are locked and zeros will be reluctantly awarded.
4. Teachers will consider the reasons for absences before awarding a zero. Excused absences may be considered as a reason to take in work beyond a scheduled due date.
5. If a teacher feels that a student is overusing the reluctant zero policy, he/she will contact a parent to discuss work ethic and homework habits of the student.
6. If a teacher determines that a student is abusing the policy, the privilege can be rescinded by the teacher.

Academic Integrity:

Cheating is not acceptable. This includes plagiarism (copying someone else's work and passing it off as your own), copying, taking work from a source without citing the source (including electronic sources) stealing tests or assignments and getting answers for a test or assignment in advance. Cheating also includes giving answers or work to others to claim as their own as well as copying from an online source or passing off information without citing the reference. If your child is suspected of plagiarism or cheating, school administration will meet with them and determine the course of action of action needed.

Grades/Marks Appeal Process:

To appeal a grade/mark given on an assignment/test or for a final mark, students/parents/guardians are encouraged to talk to the teacher within 10 school days of receiving the grade. If they can't resolve the appeal with the teacher, they should contact the principal who will make the final decision. The principal's decision is final. (*Administrative Procedure 390 Student Appeals*).

Exams:**Mid-point assessments;**

- Will be scheduled during the months of January and February and will take place in regular scheduled class time.

Final Exams for GRADE 9's are scheduled as follows;

- FLA 9 PAT PART A May 9, 2019 (French Immersion)
- ELA 9 PAT PART A May 10, 2019
- FLA 9 PAT PART B June 20, 2019 (French Immersion)
- ELA 9 PAT PART B June 24, 2019
- MATH 9 PAT June 25, 2019
- SOCIAL 9 PAT June 26, 2019 and
- SCIENCE 9 PAT June 27, 2019

Final Exams for GRADE 7 & 8 are scheduled as follows;

- FLA 7 & 8 June 20, 2019 (French Immersion)
- ELA 7 & 8 June 24, 2019
- MATH 7 & 8 June 25, 2019
- SOCIAL 7 & 8 June 26, 2019
- SCIENCE 7 & 8 June 27, 2019

Please do not book family vacations during this time.

Provincial Achievement Tests (PATs):

Provincial Achievement Tests (PATs) measure how well students are learning what they are expected to learn. Results are shared publicly to show how Alberta students are doing, compared to provincial standards. Results from PATs help schools, school authorities and the province monitor and improve student learning.

Students in Grade 9 in English and French language arts, math, science and social studies write PATs. The PATs will be administered from early May until the end of June.

While PATs are an important part of determining student growth and achievement, they address only those learning outcomes that can be readily assessed by a paper-and-pencil test. The clearest picture of students' growth and development is gained when a wide variety of assessment information is considered. The achievement tests provide part of the picture.

How do PAT scores affect student marks?

Student final marks will be determined by the classroom teacher as approved by the principal. The weightings and grade calculations will be shared with parents and students at the beginning of the course on the course outline.

In Grade 9, the final exam category will be weighted between 10% and 20% of the student's final mark in English and French Language Arts, Math, Science and Social Studies. The final exam category may include the PAT and/or a teacher developed final exam at the discretion of the principal.

The Alberta government requires that we report the raw scores from Grade 6 and 9 PATs. Unofficial results will be reported on the final formal report in June. Official results will be available when released from Alberta Education according to their timeline.
