*P*incipal's Message

Greetings Parents and Caregivers,

As we get older, we can look back on our lives, the many stages we go through and all of the emotions associated with those stages. I look back to my younger days and reminisce about the times when my back and knees didn't hurt and I didn't worry about mortgages and bills. Those truly were great times! Our students often look forward to getting older, to becoming teens, getting their learner's license and then, of course, heading to high school.

This month we will be hosting a farewell for the grade 9s to say goodbye before they head to high school. I can sincerely say that I will miss all of them. This year's grade 9 class demonstrated leadership, kindness, empathy and all of the virtues that we hope to develop in our students. I will miss the high fives in the hallways and all of their interesting stories as well. Grade 9s, I wish you all the best on your journey and it was my privilege to work with you the past two years. You will be missed!

Have a great month,

Mr. Chomlak

MENTAL HEALTH MONTHLY

LAUGHTER

What's the funniest thing that happened to you today? It seems pretty simple, but when you make it a point to laugh daily, your mental health improves. Laughing daily has short-term and long-term benefits, such as lowering the stress hormone, relaxing muscles, soothing tension, improving your immune system and mood, among others. Oh...and it's free!

You can make laughing a part of your daily routine by creating some humorous habits. Hang a funny cartoon, photo or meme on your mirror or by your desk. Keep funny movies, books, and TV shows on hand. Find a joke you enjoy and share it with someone else or make a trip to a comedy club. If all else fails...fake it till you make it. Turn the corners of your mouth into a smile and then give a good chuckle.

LAUGHTER
IS THE
BEST
MEDICINE

- Reduce stress
- Improve your mood
- Relax your muscles
- Relieve pain

ÉLJHS Grade 7 Orientation

On **May 2, 2024**, grade six students from all of our five feeder schools will attend an orientation at Ecole Leduc Junior High School arranged by their elementary school as a field trip. The orientation aims to familiarize students with the changes and expectations of our grade seven program. Allowing students to see their new school, and develop an understanding of how it functions, will assist in the transition process into junior high.

Also, on **May 2, 2024**, from **6:00-7:00 PM**, we will have our ÉLJHS Parent Open House to provide information about our school. Your child has the opportunity to attend a junior high school catering to the individualized needs of adolescents. Please come hear about all the opportunities provided at Ecole Leduc Junior High School!

We look forward to meeting parents and students new to our school!

Every year ÉLJHS hosts our Track and Field Day on May 16th. This is a MANDATORY event for our students. Their participation will be a part of their Physical Education mark, and it is such an enjoyable day. The majority of our students will only be participating in four events of their choosing and will make cherished memories with their peers. Those athletes with a competitive spirit could qualify for the opportunity to compete in the LDAA's District Track & Field Day against other athletes from schools within our district on May 28th. This could also lead to qualifying for the Alberta Zone 5-6 Track & Field Day in June.

Come to the track for some fun and cheer on our students!

WHAT'S HAPPENING IN THE LIBRARY:

ÉLJHS Library Create-A-Bookmark Contest

Winner: LEO FRENCHATER

Congratulations

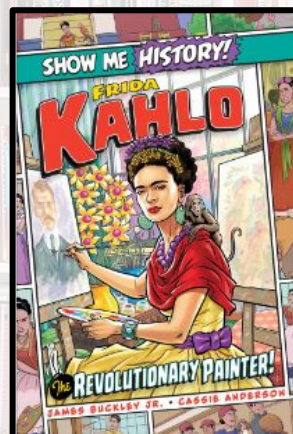

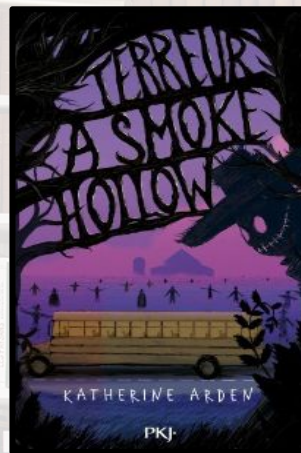

In April, students had to create a bookmark based on a book they had read or create one with a reading quote. We had many participants from all grades. The winner received an Indigo gift card, their bookmark laminated and mass-produced to have in the library for others to use for their books.

In May, we will have our annual Poetry Contest. ÉLJHS students will enter their own creations to win gift cards from Indigo. This contest is so great because of the work that students hand in. They not only write beautiful poems, but they add artwork to go with their words. Good luck to all our contestants!

Mrs. Kern's Book Recommendations:

MENTAL HEALTH

AWARENESS WEEK

A focus on positive mental health for students, families, schools and communities contributes to building welcoming, caring, respectful and safe learning environments that recognize diversity and nurture a sense of belonging and a positive sense of self.

We know that mentally healthy students are resilient and better able to learn, achieve success, and build healthy relationships. Given the profound impact the global pandemic has had on all Albertans, never before has the conversation about mental health been more important.

In recognition of Mental Health Week, we are sharing some mental health supports and activities during our lunch breaks that will benefit the students of ÉLJHS:

MONDAY MAY 6	TUESDAY MAY 7	WEDNESDAY MAY 8	THURSDAY MAY 9	FRIDAY MAY 10

ELJHS PARKING

The parking lot on the South side of the school is reserved for:

STAFF PARKING ONLY

If you are dropping off your child or visiting our school, there are parking areas on the street that run along the East, West, and North sides of the school yard. We have very little parking for our staff so we appreciate any cooperation with this.

SCHOOL SUPPLY CHECK-IN!

We are now in Term 3 at ÉLJHS! We are finding binders are getting **TOO FULL** and students are not prepared for class with the proper tools to be successful.

ESPECIALLY CALCULATORS!

Please check in with your child to see if they have enough school supplies to get them through to the end of the year.

Calculator ~ Pencils ~ Binders ~ Paper ~ Pens ~ Erasers

Thank you!

Cellphone Use in Schools

The Government of Alberta wants to hear from Albertans about how students should use cellphones in schools.

In Alberta and in many other places across the world, student cellphone use is increasing. For children and youth, it typically becomes more prevalent as students advance through the grades.

Teachers may occasionally use cellphones in classrooms for learning and teaching purposes. There are many other reasons a student may use a cellphone within school hours, including:

- Communicating about practices/rehearsals for school organizations (teams, clubs, etc.)
- Checking transit schedules
- Staying in touch with families about issues or emergencies

However, there are concerns that cellphones can be a distraction in educational environments and can sometimes be used inappropriately within classrooms and schools.

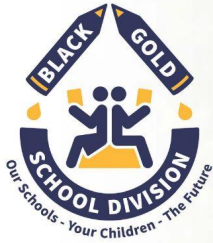

We want to hear from all Albertans, including parents, guardians, teachers and other education professionals. Your input will help inform future government direction on cellphone use in schools.

The survey will take 10 to 15 minutes to complete and closes May 3, 2024.

CONNECT PARENT GROUP

What is Connect?

Connect is a 10-week program to support parents of pre-teens and teens with difficult behavioral and emotional struggles, such as anger, aggression, depression, conflict with parents and teachers, and getting into trouble with friends.

Each session provides parents with a new perspective on parent-teen relationships and adolescent development. Parents watch role-plays, engage in conversations, and learn new choices for responding to their teen's difficult behavior.

Do your kids love Art?

CLAY IN MAY

Clay is such a great way to express ourselves through art. It is a hands on mediums that tests our abilities but also tests our patients and ability to literally create something from nothing.

Air dry clay is a great clay to work with for all ages as it holds a lot of similar characteristics to your typical clay that would go in a kiln.

Air dry clay can be painted and glazed, so our projects can last and be displayed for much time to come. we will also learn more about other clay and how they differ.

SUMMER PROGRAMS

Summer programs are now open for registration. We have partnered with different businesses to make the most of our days together and offer interactive and creative days ahead. Check out our program list to find your child's age group and days.

OUR PROGRAMS

Do your kids love art? We have programs for all ages starting at 4 years old up to 18 years old.

Each program is designed to build the 3 C's....creativity, confidence and community!

We believe that creativity is a great way to allow kids to express their uniqueness though art.

Ages 4-8:

We want to work on motor skills and basic tools of course, but we don't want to limit the abilities these youngsters have! The great thing about this age group is they just go for it and don't over think the process. They are not scared to get messy, and love the fact its ok to get a little paint on stuff here.

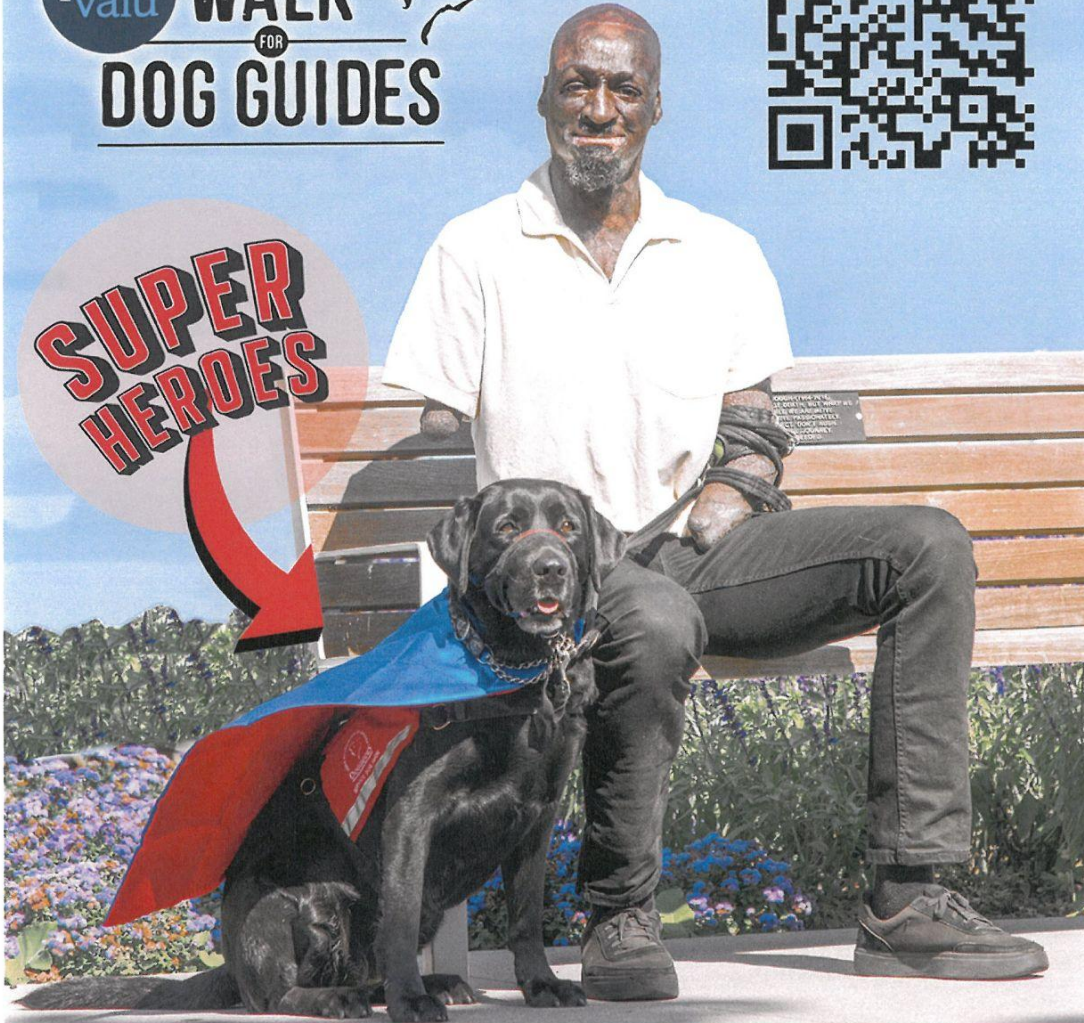

Ages 9-13 & 14+:

Our 10+ group has began to develop some cool skills and now we want to fine tune them and learn some new abilities so we can take their art work to the next level. This is a great place for those creative kiddos to put aside the screens and lay down some color. Building confidence and community is an important part of this group.
